Dear UPA parents and families,

It is with a heavy heart that we write to inform you of an important change for the upcoming school year. Following the recent release of school grades, we have made the difficult decision that our school, University Preparatory Academy, will not be reopening for the 2025-2026 school year. We know this news is difficult, and we want you to know that this decision was reached only after thorough consideration of every possible alternative.

Please know that this decision was not made lightly. Our top priority has always been ensuring that every student in our community receives the highest quality education and support possible. With that in mind, we are committed to assisting all of our families during this transition. We know how challenging this may be for your family, and we want to assure you that we will be here to guide and support you.

To register your student in a traditional district school, you can visit the zoned school (see link below) for your student and request a registration packet. If you need assistance or have questions with registering your student at another school, you can reach us at (561) 670-1138 or visit the school during our office hours, 8:30 am - 3:00 pm. If assistance is needed outside of these hours, please call the school, and arrangements will be made to accommodate your family.

Thank you for being a part of the University Preparatory Academy family. We are deeply grateful for you. We are committed to making this transition as smooth as possible for you and your student.

To help you locate a school for your student(s), please review information at the links below. The School Finder will locate district schools in proximity to your address. The Charter School directory lists all of the public charter schools in the county, if you would prefer to enroll your student at one of those schools. Your zoned district school will accept your student. Registration forms in multiple languages are attached for your convenience.
