

Practice Updates

- We hope everyone has a very happy and safe Halloween!
- As of December 1st, we will stop accepting cash. We will continue to take card and check payments.
- We are open for scheduling through February.
- We are still giving flu shots. Your child may receive a flu shot at their upcoming office visit, or you may call to schedule an appointment during our flu clinic hours.
- We are welcoming a new provider to PAMPA, Dr. Ashley Williams, who will begin practicing in our Marietta office in November! Eventually, Dr. Williams will transition into practicing at our Marietta and Woodstock locations. Give Dr. Williams a warm welcome, as we are so glad to have her as a new member of the PAMPA team.

Conquering the Vaccine Boogeyman

As we are getting ready for Halloween, let's talk about something that gives kids the jeepers creepers year round: vaccines. Halloween may be spooky but getting your child vaccinated doesn't have to be! Here are some tricks and treats to make the vaccination process a little less frightening.

1. **Pre-vaccine pep talk:** Be honest with your child and let them know they will be receiving a shot at their visit. Have an age-appropriate discussion about why vaccines are important.
2. **Lead by example:** Receive vaccinations side by side with your child when eligible, such as an annual flu shot or a COVID-19 booster.
3. **Encourage questions:** Reassure your child that it's okay to have questions or express their feelings. Listen attentively and provide age-appropriate answers to any concerns they may have.
4. **Post-vaccine celebration:** Our offices are known for their sticker prizes; however, you and your child can celebrate in your own way. Go out and get their favorite treat!
