Our Equipment includes - Hydraulic Driven Road Spraying Water Tankers. Grain/Gravel Tippers - Low Loader Float Trailers - 45 Ft Flat Top Trailers. Road Train, B-Train and Singles Available.

Description

Scott Roadways is a locally owned family operated business on the Darling Downs Specializing in Rig moving and Support, Bulk Water and Civil Roadworks. We pride ourselves on our known integrity, reputation and reliability in our field of expertise. Our company has proven efficiency, timely delivery, and brilliant relationships with other companies working within the Oil-Gas fields and Civil Construction. We are financially viable to cover costs of providing our service and are very responsive to the needs of our clients.

At Scott Roadways we pride ourselves on having well-presented and extensively maintained equipment to keep us at the fore front of our competitors. All of our equipment runs under the NHVAS (National Heavy Vehicle Accreditation Scheme) under Maintenance Management and Fatigue Management which enables our company to keep our equipment in the field for as long as possible.

We have additional equipment so there is no down time in the field for our servicing and maintenance schedules. We employ two fully qualified diesel fitters/mechanic's at our Company, who combined have over 35 years' experience with, all types of earth-moving equipment and transport within the oil, gas and civil construction industries. They carry out day to day Maintenance both in the field and at our workshop/depot located at "Nardoo" St. Ruth, Dalby. All of the companies' vehicles (heavy and light) meet all on site vehicle requirements. Company Vehicles are fitted with IVMS systems, brake off door alarms, fire extinguishers, first aid kits, wheel chocks etc. which allows them to comply with any Civil, or Mining operations. Our field personnel are trained in their profession, holding the correct licenses and tickets for the equipment that is being operated. Which also includes Safer Together Membership and Step 7 's.
