Program

Continental Breakfast

9:00 - 9:10 – Dr. Robin Kelley, Director Health Ministry- Prayer,
WELCOME to Mount Airy Baptist Church
9:15 – 9:20 - Breakfast Service Begins
9:20 – 9:30 - Dr. Robin Kelly: Introduction of Ed and Pat Sanders, Event Organizers
9:30 – 9:40 - Pat Sanders: Overview of Program; Surveys, Materials, Procedures
Introduction of Mary DeRome, Multiple Myeloma Research Foundation
9:40 – 9:50 - Mary DeRome: Purpose of TANCIT, MMRF and 50 Hoops
9:50 – 10:00- Preparation for Segment I Workshop (Speakers seated at front)

Community Forum: (45 minutes) 10:00 - 10:45
Segment I: The Signs and Symptoms
Please read TANCIT Programs for more information on Speakers

Please complete ALL Pre-Survey Questions

10:00 – 10:10 - MC/ Facilitator: Dr. Doris Browne
Immediate past President, National Medical Association (NMA)

NMA statement: Forward to Multiple Myeloma: “There’s A New Cancer (Initiative) In Town”- The initiative + Introduction: Patient Panel and Dr. Pandellapalli, Hematologist

Doris Browne, M.D., M.P. H.

Dr. Doris Browne is President of the National Medical Association (NMA) and President/CEO of Browne and Associates, LLC (BAI), a health consultancy company that provides comprehensive wellness programs to its clientele. Among her specialties is sickle cell, HIV/AIDS, women’s health issues. Featured in many news articles including Ebony, Washington Post, and PBS News Hour; her education and training includes Tougaloo College (BS), University of California at Los Angeles (MPH), Georgetown University (M.D.); Walter Reed Army Medical Center in Hematology-Oncology. Dr. Browne retired as a Colonel from the U.S. Army Medical Corps and the National Institute of Health. She is a member of Alpha Kappa Alpha Sorority, and a recipient of the 2018 Top Blacks in Healthcare.
The Faces of Multiple Myeloma

10:10–10:15  Ms. Michelle Lane, Multiple Myeloma patient

Michelle Lane, Multiple Myeloma Survivor

Michelle Lane has over 19 years of customer support, analyst, and contractor experience. Most recently, she was part of the LNPA migration of Neustar’s NPAC to open trouble tickets, transferred Bulk Data Downloads & SPID Migrations FTP data for customers. While working there she went the extra mile with the Corporate Teams and the Field PAC agents to complete the detailed tasks assigned. Some tasks included individual calls with the field PAC agents to mentor & guide improved processes that impacted directory listing requests and required extensive investigation.

10:20–10:25  Dr. Jeri Dyson, Multiple Myeloma Patient

Dr. Jeri Dyson, Multiple Myeloma Survivor

Dr. Dyson is an adolescent medical physician, author, and speaker specializing in sexuality, intimacy and effective relationships. Dr. Dyson currently serves as President of Global Girls Global Women, Inc. Known as one of today’s foremost thinkers of global teen health, she has more than 18 years of experience. Her focuses and travels to Ghana, Gambia and Senegal, West Africa to name a few, has raised awareness on the global issues displacing girls and women. Her radio show, Dr. Dyson established Dyson & Associates Worldwide and is currently implementing the Hummingbird Project, a campaign designed to introduce girls as global citizens through cultural immersion and international travel.

10:25–10:35  Dr. Pandellapalli, Hematologist, discusses patient symptoms, and other signs and symptoms of Multiple Myeloma. How it manifests itself in our bodies.

Dr. Poornima Upadhyaya Pandellapalli

Dr. Pandellapalli is the Medical Director of the International Comprehensive Cancer Network (ICCN); and Assistant Professor at Howard University Hospital and College of Medicine. Her 20 years of extensive clinical experience in treating patients offers a range of medical, oncologic and hematologic conditions including bone marrow transplantation and breast cancer management. A graduate of Maulana Azad Medical College and the University of Delhi, she is a certified American Board Diplomate in Medical Oncology, Hematology, and Internal Medicine. Her awards include Top Doctor (Northern Virginia) and Super Doctor (Washington Post).
Medical Forum: (45 minutes) 11:00 - 11:45

Segment II: The Diagnosis

11:00-11:05 MC/Facilitator: Dr. Doris Browne: Introduction of Speakers

11:05-11:15 Ms. Mary DeRome, Director, Communication and Education, Multiple Myeloma Research Foundation - Our Story and our vision for TANCIT Workshops for African Americans this year and in the future, why it's important.

Mary DeRome, Director, Medical Communications and Education, Multiple Myeloma Research Foundation

Mary DeRome joined the MMRF as Translational Research Manager in February 2014, where she was responsible for managing the MMRF research grant programs and helped manage the MMRF CoMMpass trial and other precision medicine initiatives. In 2016 she was promoted to Director of Medical Communications and Education, where she oversees all MMRF patient and professional education initiatives, responsible for scientific content on the website, patient education materials, and social media channels. Previously, Mary was Senior Investigator in cancer drug discovery at Bayer HealthCare and Senior Scientist in nanotechnology vaccine development at Artificial Cell Technologies in New Haven CT.

David H. Vesole, MD. PhD. FACP

Dr. David Vesole is a Professor of Medicine at Georgetown University School of Medicine and Hackensack Meridian Seton Hall University School of Medicine. He's Director, Myeloma Program, Medstar Georgetown University Hospital, Dr. Vesole is a member of the Bone Marrow Transplant team and Stem Cell Transplant & Cellular Immunotherapy Program at Georgetown University Hospital as well as Hackensack UMC and Medstar. He's Co-Chief, Myeloma Division, Director, Myeloma Research at the John Theurer Cancer Center at Hackensack, UMC; With more than 25 years of clinical research experience, He earned medical degree from Northwestern University, completing his Hematology/Oncology fellowship at the University of Iowa.
11:25-11:45 - Audience Questions & Answers: Discussion

(1) How are we reaching our African American community with health messages?
(2) What tools do we have/need to outreach Multiple Myeloma education in our African American communities?

Please complete your POST-SEGMENT Surveys

Segment I, II Notes:

African Americans in Clinical Trials Luncheon Lecture

Segment III: The Education

Noon:

Invocation: Pastor L. B. West, Mount Airy Baptist Church

Buffet Luncheon Begins: Speakers and Panelists FIRST, please

Rev. L. B. West, D. R. S., Senior

Dr. Larry B. West, one of the emerging voices in ministry in the Washington, D. C. area, has served as pastor of Mount Airy Baptist Church since 2002 where he challenges his congregation to “do greater and more wonderful works”. Dr. West holds a Bachelors’ degree in Management from the University of Georgia, a Master’s degree in Theology from United Baptist College and Seminary, and a Doctorate in Religions Studies from Trinity Theological Seminary in Newburgh, Indiana. Immediate Former Chairman of the Board of Directors for the National Baptist Convention USA; his memberships include Missionary Baptist Minister’s Conference, Leadership Council for Healthy Communities, Kappa Alpha Psi Fraternity, and a life member of the NAACP.
12:30 – 12:40- MC/Facilitator: Dr. Lucile Adams-Campbell, Associate Director for Minority Health and Health Disparities Research

Understanding the impact of communicating Multiple Myeloma and related diseases to our African American communities, reaching our population. Understanding that Multiple Myeloma means understanding related diseases and symptoms. Introduction of Panel

Dr. Lucile Adams-Campbell

Dr. Adams-Campbell is the Associate Director for Minority Health and Health Disparities Research, Associate Dean for Community Health & Outreach, and Professor of Oncology at Lombardi Comprehensive Cancer Center at Georgetown University Medical Center. Her research focus is addressing minority health and cancer health disparities, emphasizing lifestyle interventions related to breast cancer and metabolic syndrome. She received her B.S. in Biology and a M.S. in Biomedical Science from Drexel University in Philadelphia, Pa; and her Ph.D. in Epidemiology from the Graduate School of Public Health at the University of Pittsburgh. She currently serves on the National Academy of Medicine’s National Cancer Policy Forum and the Board of Scientific Counselors of the National Human Genome Research Institute.

12:40-12:50- Dr. Pandellapalli, Hematologist
The a-b-c's of Lymphoma/Leukemia. Types of clinical trials and what they do and don’t do.

12:50–1:00- Dr. Constance Mere, Nephrologist
The a-b-c's of Kidney Disease. Types of clinical trials and what they do and don’t do.

Dr. Constance Mere

An Assistant Professor and Nephrologist with the Department of Medicine at Howard University College of Medicine and Howard University Hospital, Dr. Mere is a graduate of the University of Nigeria in Enugu, Nigeria; the University of Connecticut Health Center and Georgetown University Medical Center. Dr. Mere is one of 6 doctors at Howard University Hospital and one of 26 at MedStar Georgetown University Hospital who specialize in Nephrology, trained to diagnose and treat conditions affecting the kidneys or renal system. She's been named one of the most famous doctors in Washington, by “Super Doctor” and in practice for more than 23 years.

1:00 – 1:10- Dr. David Vesole, Hematologist
The BASICS: The a-b-c's of Multiple Myeloma. New Treatment Innovations/clinical trials
1:10-1:25 Questions and Answers: Discussion
(1) How can busy doctors help with outreach to our population in need of education?
(2) How can we raise awareness through medical support within our community?
(3) How can health providers work with minority community stakeholders to increase awareness of Multiple Myeloma.

SPECIAL THANKS TO Washington, DC
TANCIT ADVISORY TEAM

Dr. Robin Kelley, TANCIT DC Network Coordinator

Dr. Kelley is the Chair of the Health Education Ministry of the Mount Airy Baptist Church. In this capacity, she has received multi-year grants for community health and wellness activities. She has worked closely with both community and church ministries on youth and women’s issues, such as domestic assault and health and nutrition. She is employed full-time at a nonprofit health organization and has received a cooperative agreement from the Centers for Disease Control and Prevention Division. Robin received her BA from Vassar College, her MSSW from Columbia University and her PhD in Public and Community Health from University of Maryland, College Park.
Everett Dodson, Georgetown/Lombardi Cancer Center

Everett Dodson is a Community Health Educator at the Georgetown/Lombardi Comprehensive Cancer Center. He is involved in projects such as health disparities, clinical trials and oral health disparities. He has over 20 years of experience in research, community engagement and men's health. Prior to joining Georgetown/Lombardi, Mr. Dodson was a Clinical Research Associate at the Howard University Cancer Center. He was Director of the “Men Take Ten” Prostate Cancer Screening and Education Program. Currently, he is a patient advocate on the faculty of the American Society of Clinical Oncology/American Association for Cancer Research Methods in Clinical Cancer Research Workshop in Vail, Colorado.

Felicia Retland, DC Community Stakeholder

Felicia Retland is the Chief Executive Officer of Retland Enterprise, a family owned and operated business. As such she manages a large real estate portfolio that includes residential and commercial properties in Washington, D.C., Detroit, MI., and Denver, CO. She has been involved in different aspects of real estate ranging from selling to property management. Over the course of time, she has become knowledgeable of the real estate market and its trends. She received her Bachelor of Science degree in Business Administration from National College in Denver. She is a mother of two and resides in Washington, D.C. with her husband, David Retland.

Yolanda A. Fleming, National Medical Association (NMA)

Yolanda Fleming is Director of Biomedical Education and Research and Project Director for Project I.M.P.A.C.T. (Increase Minority Participation and Awareness of Clinical Trials) at the National Medical Association (NMA). She oversees the development and implementation of project efforts to increase the awareness, knowledge and participation of African American physician and consumers in research and clinical trials. Under her watch, the project has developed two award-winning educational materials and video. She received her B.A. from Howard University and pursued graduate work at Long Island University in New York, NY.
Ed and Pat Sanders, Founders 50 Hoops/NPFR Project

Ed and Pat started 50 hoops over 20 years ago and today 50 Hoops remains the only national Prostate Cancer Basketball Tournament in the United States. The company's National Physician and Family Referral (NPFR) Project branches out to include Patient Lecture Series, Field Research, Focus Groups and Medical Education programs related to recruitment of minorities into clinical trials. 50 Hoops' programs have traveled to over three-dozen cities and claims dozens of Network Coordinators and Cancer Coalitions as partners. It has over 102 networks and entities. And, the company has built relationships with some of the most prominent physicians in the country in their quest to educate communities about diseases, treatment options and trials.

50 Hoops is grateful for the opportunity to work with the Multiple Myeloma Research Foundation. TANCIT presents the company the opportunity to both help expand it's African American network while guiding other national disease organizations into the heart of African American communities nation-wide. www.50hoops.org
Program

10:00–10:05- Welcome: Danita Brown, 50 Hoops’ National Network Coordinator for Southaven- Welcome to BMBC, Introduce 50 Hoops

Danita Brown, TANCIT Advisory Team Leader
Brown MB Church Cancer Coalition

Danita Brown is a breast cancer survivor, whose amazing story has been told on TBN, the Loretta McNary TV Show, BG Magazine, and Ordinary People. A popular speaker, Danita has been a ministry leader for the Brown Missionary Baptist Cancer Support Ministry since 2008. She retired as a teacher at Treadwell Izzone Elementary School in 2015. She has a Master’s Degree in Education from Christian Brothers University in Memphis, and a Bachelor’s Degree from Le Moyne Owen College Memphis. She is active in her community and American Cancer Society.

Introduce Ed and Pat Sanders, Founders of 50 Hoops ™
10:05–10:10- Thanks to partners, hosts, advisory
Overview: Instructions for Workshop, Introduce Mary DeRome, and MMRF

10:10–10:20- Pastor Bartholomew Orr, Brown MB Church-
Invocation (Danita Introduce Pastor)
Brunch served

Pastor Bartholomew Orr

Bartholomew Orr is the Senior Pastor of Brown Missionary Baptist Church. Pastor Orr has served in this capacity since January 25, 1989. Under his leadership, the church has experienced tremendous growth, spiritually and numerically. Despite a large church setting, Pastor Orr works diligently to ensure that Brown maintains a “family-like” atmosphere. He is accessible to every member of his congregation and every member takes pride in receiving a yearly birthday call from their pastor. Pastor Orr received his Doctorate Degree in Ministry from Union University. He has always used his passion for education to train and empower other ministers. A humble and honorable man, Pastor Orr has had the opportunity to share the gospel with diverse audiences around the world. Pastor Orr is married to his lovely wife Valarie, his best friend of over 30 years. They are blessed with four sons and four grandchildren.
Segment I: The Signs and Symptoms

10:20 - 10:25 - Bertha Fayne: Introduction of speakers (Danita Introduce Bert)

TANCIT Advisory Team Member

Bert Fayne recently celebrated her 35th anniversary with the American Cancer Society. During her time with the Society, she has held many positions, including Public Education Director and Community Outreach Director. Bert currently manages the Community Health Advisor program (CHA) in Shelby and Fayette counties in Tennessee. She manages a portfolio of more than 100 volunteers and works closely with the program’s Community Network Partners and with Federally Qualified Health Centers. Bert recruited and trained over 100 local Community Health Advisor volunteers to impact cancer rates through education, screening and access to care. Bert has been instrumental in recruiting TANCIT speakers.

Signs and Symptoms: (How Multiple Myeloma manifested in my life specifically)

10:25 - 10:30 - Patient Pastor Larry McGarity

Pastor Larry D. McGarity was born in Covington, TN. After graduation from Covington High School, Dyersburg State Community College and Union University and In May 1996, Pastor McGarity accepted his call into the Ministry. He began at his home church, St. Stephen M. B. Church in Covington, TN under the leadership of Pastor J A Baker and Pastor Marvin S Hall. In 1999, he pursued a career in law enforcement with the Covington Police Department. He was later promoted to Sergeant. He shortly became a Criminal Investigator. In February 2006, he was installed as the Pastor of Alexander M B Church in Somerville, TN. Pastor McGarity is a “survivor” of Multiple Myeloma, where it is now in remission.

10:30 - 10:35 - Patient Mr. Sterlin Williams

Sterlin D. Williams is a native of Pine Bluff, Arkansas. He had a very successful career with the Federal Motor Carrier Safety Administration (U.S. Department of Transportation) and recently retired after thirty-two years of federal service. During his career, he served as the Division Administrator for the states of Louisiana and Mississippi. As a result of his leadership, he received the Diversity Champion Award and the Secretary of Transportation EEO and Affirmative Action Award in directing and implementing the agency’s Diversity Initiative. Sterlin is a member of Brown MB Church and the cancer ministry, and Multiple Myeloma Patient/Survivor.
10:35-10:45- Dr. Robert Johnson: What are medical Signs and Symptoms (abc’s)

Both Dr. Robert Johnson and his father were in the Air Force and he lived both in the US and abroad. While in the U.S. Air Force, Dr. Johnson completed his Internal Medicine Residency and Fellowship in Hematology/Oncology at the Wilford Hall USAF Medical Center in San Antonio, TX. Dr. Johnson sees patients in West Clinic’s Wolf River and Brighton locations. Known for his caring, gentle manner, he firmly believes “it is the doctor’s responsibility to explain things until patients are satisfied.” A natural teacher, he urges patients to “ask questions.” Dr. Johnson is Board Certified in Hematology, Medical Oncology and Internal Medicine.

10:45 - 10:55 – Q&A- Audience

Segment II: The Diagnosis

10:55-11:05 – Mary DeRome, MMRF

Ms. Mary DeRome, Director, Communication and Education, Multiple Myeloma Research Foundation- Our Story and our vision for TANCIT Workshops for African Americans this year and in the future, why it’s important.

Mary DeRome, Director, Medical Communications and Education, Multiple Myeloma Research Foundation

Mary DeRome joined the MMRF as Translational Research Manager in February 2014, where she was responsible for managing the MMRF research grant programs and helped manage the MMRF CoMMpass trial and other precision medicine initiatives. In 2016 she was promoted to Director of Medical Communications and Education, where she oversees all MMRF patient and professional education initiatives, responsible for scientific content on the website, patient education materials, and social media channels. Previously, Mary was Senior Investigator in cancer drug discovery, Bayer HealthCare and Senior Scientist in nanotechnology vaccine development at Artificial Cell Technologies in New Haven CT.

11:05-11:15- Dr. Robert Johnson: Brief overview of Diagnosis- similar, different.
See Workshop Folders for “Survey Packet” (turn in) and “Educational Materials” (take home)

11:15 – 11:25 - Q&A- Audience

Segment III: The Education

11:25 – 11:35 – Dorothy Alexander, RN (Kidney Disease and Multiple Myeloma: the ab’cs)

   Dorothy Edwards Alexander was born in Memphis and her nursing career began her senior year in high school. She graduated as a Licensed Practice Nurse (LPN) and in 1999 with a Master’s Degree in Nursing Practice from Arkansas University Jonesboro. She started her career as a Family Nurse Practice in January 2000. She worked for an internist Dr. William Faulkner, then in May of 2005, she started her career in Nephrology with Dr. Hugh Williams. Her duties included assessing, diagnosing, and treating patients for chronic kidney disease. She also does rounds on patients in the dialysis units. In May 2015, Dr. Williams retired, and she joined Dr. Omar Hamze, to continue her career in Nephrology under Kidney Care Consultants. She is a Member of American Nephrology Nurse Association (ANNA), American Association of Nurse Practitioner (AANP), and Sigma Theta Tau.

11:35 – 11:40 – Dr. Johnson (Brief Summary educational needs in the community)

PLEASE TURN IN COMPLETED SURVEY PACKETS AND RECEIVE GIFT BAG
11:40 – 11:50 – Q&A- Audience (Collect Surveys, distribution of Gift Bags)

11:50 – Noon- Photography: Recognitions, Presentations, Pictures: Sponsors, Presenters, Advisory Team, Brown Missionary Baptist Church, and Volunteers, Cancer Survivors (Audience continues to complete survey packets, receive TANCIT Gift Bags)

See Workshop Folders for “Survey Packet” (turn in) and “Educational Materials” (take home)

ADJOURN
Medical Forum: 12:55–1:10
Segment II: The Diagnosis

Ms. Mary DeRome, Director, Communication and Education, Multiple Myeloma Research Foundation- Our Story and our vision for TANCIT Workshops for African Americans this year and in the future, why it’s important.

12:55 – 1:05

Mary DeRome, Director, Medical Communications and Education, Multiple Myeloma Research Foundation

Mary DeRome joined the MMRF as Translational Research Manager in February 2014, where she was responsible for managing the MMRF research grant programs and helped manage the MMRF CoMMpass trial and other precision medicine initiatives. In 2016 she was promoted to Director of Medical Communications and Education, where she oversees all MMRF patient and professional education initiatives, responsible for scientific content on the website, patient education materials, and social media channels. Previously, Mary was Senior Investigator in cancer drug discovery at Bayer Healthcare and Senior Scientist in nanotechnology vaccine development at Artificial Cell Technologies in New Haven CT.

1:05 – 1:10

Nina Shah, M.D. Hematology-Oncology, University of California, San Francisco

Dr. Nina Shah is currently an Associate Professor in the Division of Hematology-Oncology at the University of California, San Francisco. Her research focuses on multiple myeloma, and specifically, clinical trials, immunotherapy and cellular therapy. Dr. Shah is heavily involved in the myeloma research community. Her achievements include leading a randomized trial of myeloma patients to determine the impact of stem cell dose on symptoms; and leading efforts to define myeloma-transplant practice guidelines for the American Society of Blood and Marrow Transplant. She is currently the institutional PI for numerous cellular therapy and immunotherapy protocols, and Co-Chair for the Plasma Cell Disorders and Adult Solid Tumors Working Committee at the Center for International Blood & Marrow Transplant Research.

1:10–1:20- Audience Questions & Answers: Discussion
(1) How are we reaching our African American community with health messages?
(2) What tools do we have/need to outreach Multiple Myeloma education in our African American communities?

SPECIAL THANKS TO Oakland
TANCIT ADVISORY TEAM LEADERS

Deacon Harold Goodman, Chairperson of the Health Education Ministry of the United Men Ministry, 50 Hoops™ and TANCIT National Network Coordinator for Oakland, CA

Deacon Harold Goodman has been a driving force in the preparation for “There’s A New Cancer In Town. His dedication to the Allen Temple Health Ministry is profound and singular in the way he approaches his task as the leader of this project. In spite of multiple challenges to overcome, his mindset is not only to accomplish the goal, but to do it with EXCELLENCE! 50 Hoops, the Multiple Myeloma Research Foundation (MMRF) and our sponsors wish to thank Deacon Harold for all the work and coordination he’s done in leading the TANCIT national premier in Oakland and bringing it to Allen Temple Baptist Church.

Dr. Nicole Barnett, Director of Nursing and Clinical Practice, Kaiser Permanente

Dr. Nicole Barnett currently serves as Assistant Medical Group Administrator and Director of Nursing and Clinical Practice for Kaiser Permanente East Bay. She co-sponsors the Diversity Equity and Inclusion program, which includes the Care Beyond Our Walls faith based outreach program. She has worked as a nurse for Kaiser since 1996 and also teaches as an Adjunct Professor of Nursing and Public Health in local nursing schools. She is a member of Mount Calvary Baptist Church in Fairfield CA where she serves as a leader on the Health Ministry team.
