

50 HOOPS LEGENDS

Welcome to 50 Hoops' LEGENDS 2022 PREMIER- Munch & Learn

Ed and Pat Sanders, Founders (1998-2022)

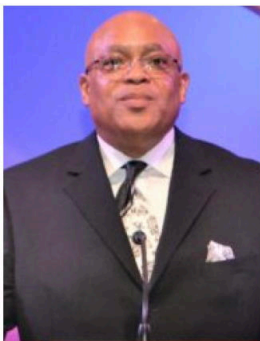

50 Hoops™ is proud to celebrate 24 years as one of the oldest African American-founded small nonprofit Patient and Medical Education organizations in the nation.

50 Hoops will hold up to **18 Events this year**. This exciting year will include Workshops, Conferences, Fun and Educational Health Fairs, Disease Video events, great LIVE interaction, health-related "Movie Nights," Disease-related Monologues, and Video Clips with Nationally Renowned LEGENDS GUEST and Medical Speakers on our Topics. Participants can listen or watch and participate on Zoom, Facebook Live or YouTube Live. Most importantly, these events are rebroadcast as patient education videos at other LEGENDS patient events.

In September, 50 Hoops™ LEGENDS are PREMIERING a sample of our **NEW "Munch and LEARN with a LEGEND" a 30-minute MINI Series coming in 2023.** As we continue our *10-part How-To of The 10 Commandments for Recruiting African Americans Into Clinical Trials "Munch and Learn..."* features **Diversity and Inclusion Tips with loads of resources.** Learning these "Commandments" will help our audiences better understand how many grass-roots communities are finding SOLUTIONS for accomplishing this critical problem in our medical and patient communities. This year our LEGENDS will further show the **IMPACT of 50 Hoops' Sustaining Power leading up to our quarter-century Silver Anniversary outreach.**

50 Hoops Chaplain

LEGEND: Dr. Lester Singleton

Dr. Lester Singleton, Invocation and Graduate

Dr. Lester Singleton is a Doctor of Ministry in Pastoral Leadership at Andersonville Theological Seminary. He received his PhD in Educational Administration from Texas A&M University-Commerce. He is Vice Chairman of the Beautification and Environmental Sustainability Board with the city of Cedar Hill. Associate pastor at St. Matthew Baptist Church in Dallas; Communication Manager at Dallas ISD, and Vice Chairman of Brookhaven College Advisory Board, and author of "Public School Students Worst Enemy".

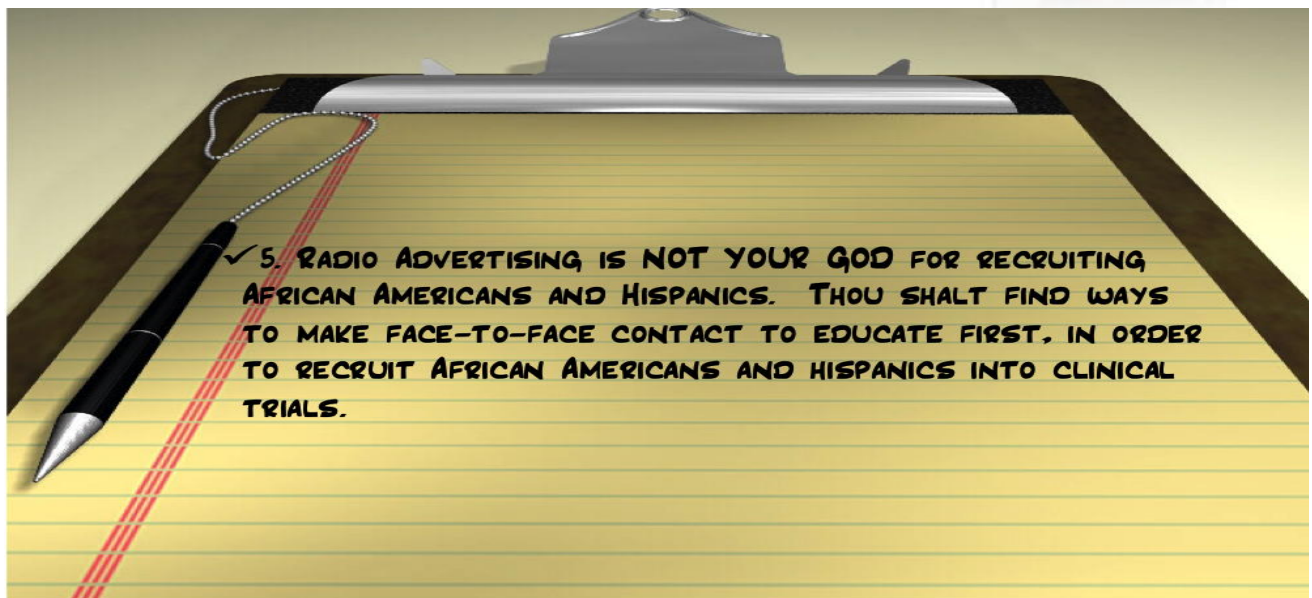

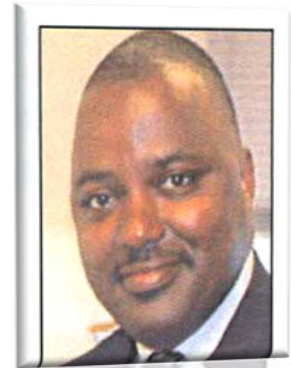

Dr. Singleton has recently been elected to the 50 Hoops Board of Directors (2022)

National COMMUNITY OUTREACH ADVISOR

Timothy Upshaw

Prostate Cancer Community Outreach

Upshaw's mission is and always has been to make every man he meets aware of the importance of screenings and to get them tested. "My desire is to change the mindset of men so that they will be more health conscious, and that no more men that I meet die from prostate cancer. Early detection is the key," Upshaw said. Mr. Upshaw currently manages the number-one ranked, hospital-based prostate program in the United States, having screened over 88,000 men for prostate cancer, providing free of charge prostate cancer screenings throughout the Metroplex.

When:

Thursday, Sep 8, 2022 12:00 Noon (CT)/1:00 PM (ET)/ 10:00 AM (PT)

Dr. DeWanda Harris Trimiar, Clinical Research Patient Navigator

Dr. DeWanda Harris Trimiar has a master's in Human Service Counseling, and a Ph.D. in Counseling & Psychological Studies with a concentration in Research. She's currently a Research Patient Navigator and Recruitment and Retention Specialist for the Texas Node of the National Institute of Drug Abuse's Clinical Trials Network. She has extensive experience in servicing the diverse needs of her community and providing culturally competent resources. Dr. Trimiar has experience in home healthcare, supporting the psychological needs of aging clients and their families as they transition from nursing homes. She helps identify areas of interest for clinical trials, acts as a liaison for participants, developing the protocol and aiding in understanding of the science supporting the Clinical Research.

Dr. Geoffrey Obel, DrPH, MPH, MD

Dr. Geoffrey Obel has been advancing research and knowledge in public health for over a decade, working with organizations to develop policies, procedures and programs that facilitate improved public health outcomes. His academic concentration was in Epidemiology, Health Management & Policy. During the COVID-19 pandemic, he was one of the leading experts helping the Texas Department of Health and Human Services develop a robust, innovative, and smart contact tracing program. Dr. Obel has authored multiple evidence-based research articles. As National Project Director for the Innovative Development Research Engagement Manual abbreviated as I-DREM, he works to increase recruitment and retention of African American and minority populations in Randomized Clinical Trials and Non- Experimental Studies.

Dr. Thomas Britt, Chicago State University

Dr. Thomas Britt is past Chair of the Department of Health Studies in the College of Health Sciences at Chicago State University (CSU). Dr. Britt served as the Principal Investigator for an NIH Grant, titled Chicago Southside Cancer Disparities Initiative, collaboration between the University of Chicago's Comprehensive Cancer Center and CSU. The project aimed at developing educational and academic pathways at the undergraduate and graduate levels in order to increase minority leaders in research, policy and education. He is a faculty member of the Oncology Nursing Society and American College of Sports Medicine certified Health Fitness Specialist. Dr. Britt serves as *President-Elect*, American Association of Public Health Physicians and is CSU's *Representative to the NAACP-Chicago Southside Branch*, focusing on health disparities.

Dr. Elise D. Cook, Retired Department of Clinical Cancer Prevention
MD Anderson Cancer Center

Dr. Elise Cook is a retired Professor from the Department of Clinical Cancer Prevention at UT MD Anderson Cancer Center with a clinical focus in cancer prevention, screening and survivorship care. Clinical research encompasses strategies to reduce cancer health disparities, with a focus on diverse recruitment to clinical trials. Experience, interest, and compassion for distressed and impaired clinicians in academic settings. Strong education background with a Doctor of Medicine from the University of California, San Francisco; Internship in General Surgery and Residency in Family Medicine, both from the University of Texas Medical Branch; Certificate of Health Care Management from Rice University.
