

PRODUCT WARRANTY

United Axle shall not be liable for any and all consequential damages occasioned by the breach of any written or implied warranty pertaining to this sale in excess of the purchase price of the product sold. If you have any questions regarding product or installation, please contact your local United Axle dealer or call the corporate location at 844-774-6353.

United Axle strives to give our customers the highest quality products obtainable. United Axle warrants each new product to be free from defects in both workmanship and material with a limited lifetime warranty, provided that the product is properly installed with new bearings and seals also installed at time of spindle installation, subjected to normal use and service and that the product is not modified or changed in any way, nor damaged because of negligence by customer or installer. Customers who believe they have a defective product should return to the United Axle dealer from which it was purchased or to their nearest United Axle dealer location prior to removal for inspection. If a defective part is suspected, the part must be removed in a manner consistent with United Axle process and procedures and the serial number validated. The part must be removed without excessive damage for further inspection from the factory. If after thorough inspection of the product by the factory indicates defects in workmanship or material, our sole obligation shall be to repair or replace the product. Warranty covers only the product itself and not the cost of installation or removal. Warranty will be voided if new bearings and seals were not installed with new spindle. Warranty will not cover damage caused by lack of maintenance or damage due to bearing failure or damage caused by abuse, misuse, neglect, accident, or overloading. Warranty is non-transferable. Limited (3) three year warranty provided on parts and (90) ninety day warranty on labor. United Axle shall not be liable for any of the following items: incidental, consequential, secondary or punitive damages.

INSTALLATION WARRANTY

United Axle is committed to customer satisfaction and providing a professional quality axle repair, therefore a 90-day warranty on workmanship from the time of installation is provided. United Axle dealers warrant that all of the work substantially conforms to the United Axle installation process and procedures and follows the standards and guidelines. Upon customer notice, the United Axle dealer shall correct any faults related to defective workmanship of the product at no additional cost to the customer. Should the United Axle dealer fail to honor its installation warranty, for a period of (90) ninety days from the completion of work, contact United Axle corporate at 844-774-6353. If initial installation is determined to have been performed in a manner inconsistent with the United Axle standards and procedures, United Axle corporate will assist in the resolution of such defective work.

Warranty will not cover damage caused by lack of maintenance or damage due to bearing failure or damage caused by abuse, misuse, neglect, accident, or overloading. The sole remedy for breach of any warranty against United Axle is limited to the money actually received by the United Axle for parts and/or labor. United Axle will not pay outside labor and/or parts. Customers who believe they have a defective product should return to the United Axle dealer from which it was installed or to their nearest United Axle dealer location. All warranty work must be performed by a certified United Axle technician. With respect to any claim asserted by the customer, United Axle shall not be liable for any of the following items: incidental, consequential, secondary or punitive damages.
