A Taste of the Future

The Esparto High School culinary students are working on more than just pizzas and recipes, as part of the program they are getting real-world experience in the culinary world. EHS Culinary students have been busy cooking and serving our community this month to expand their skills in their CTE pathway and they rose to the challenge. Earlier this month, Haley Cano Aceves and Isabella Martin (Freshmen), Leslie Galvan and Makayla Ibarra (Sophomores), and Anai Elizondo (Junior) served community members at Countryside Community Church as they celebrated their 100th anniversary with a proper tea service. Students learned how to serve a table of guests and gained valuable customer service experience.

Just this week Andrew Dutton and Makayla Morgan (Seniors) worked alongside Lacy Lawrence (Junior) to cook and serve lunch to senior citizens at the RISE Valley Senior Program during their weekly meetup. Students prepared a healthy green salad, Spanish rice with black beans, and chicken fajitas. New in the classroom, Culinary instructor Chef Beggs believes “it’s important to gain real-life experience while giving back to the community in a meaningful way”. She has made an incredible impact on the program in her first year and we can’t wait to see what she has “cooked up” for the future!

Millions of Dollars for Esparto Schools
By Sherrie Vann
Director of Education Community Schools

With the challenges facing education today policymakers, educators, communities, and families are searching for strategies to reform the public school system. Full-Service Community Schools is a strategy for school improvement that is garnering national attention. Full-Service Community schools represent a place-based school improvement strategy in which schools partner with community agencies and the local government to provide an integrated focus on academics, health, and social services, youth and community development, and engagement. The full-service community school model includes the four pillars of Integrated Student Support, Expanded Learning Opportunities, Community and Family Engagement, and Collaborative Leadership. Integrated Student Supports can include health, dental, and wellness services as well as academic support and parent education classes. Expanded Learning Opportunities include after-school and summer learning programs. Community and Family Engagement is essential for developing trusting relationships and empowering educational partners to join the school community. The final pillar, Collaborative Leadership, ties all of the community schools' pillars together. All educational partners share in the leadership and decision-making for a community school.

In 2022, Esparto Unified School District was awarded a $200,000 planning grant and quickly got to work! The Director of Community Schools facilitated a needs assessment to seek input from our stakeholders. Surveys were a tool for gathering large amounts of information that pointed the direction for pivotal conversations in focus groups with our students, parents, staff, and community.

With the recently awarded $3.8 million dollar 5-year implementation grant our Community Schools Director and the team will continue to work together with students, parents, staff, and the community to bring the implementation plan to life. Esparto USD will focus on the needs our community has expressed as a priority, such as expanding child care to include before-school care, expanding dental services to the middle school, and integrating health services.

If you would like to schedule an interview in English or Spanish to provide your thoughts on our community needs please call 530-787-3446 or email Sherrie Vann at svann@eusdk12.org.

Capay Valley Emergency Response Auxiliary News

On April 27, 2023 the American Legion Post 77 in Woodland hosted their annual Firefighter of the Year celebration. Two local firefighters, Matt Flood and Becky Middleman were honored at the event.

Chief Capitanio presented Firefighter Matt Flood with the Firefighter of the Year award for Capay Valley. Chief Lawrence presented Becky Middleman with the Firefighter of the Year award for Esparto.

Matt joined the Capay Valley Volunteer Fire Department in 2019, and since then has earned certifications as a Swiftwater Rescue Technician, a driver/operator of the pumps and engines, and, just this spring, became a nationally registered EMT!

Becky joined the Esparto Volunteer Fire Department in 1999. Since joining the team, Becky has earned certifications as an EMT, driver/operator, and CPR instructor. Becky has also served as one of the department’s EMS training officers. The town of Esparto is very grateful to have Becky on their Fire Department.

Thank you Becky and Matt! Your service and community support does not go unnoticed. Your communities are very proud of you both.

**Note:** A calendar is shown with events for the month of June. Events include activities such as eating well with produce distribution, food closets, and fees. Specific dates and locations are provided for each event.
Cache Creek, Rumsey, CA - Local residents are rallying behind the preservation of the "Boy Scout Cabin" at Camp Haswell on Cache Creek, which was built in the 1930s by the Works Progress Administration (WPA) using creek stone and mortar. The cabin has become a beloved recreational spot for locals and visitors alike and has withstood floods and severe wind for over 90 years.

Recently, the Yolo County Parks and Recreation department took over management of the cabin, and there was talk of demolishing the structure due to a needed roof replacement. However, Matt Gwerder, a young adult resident and licensed building contractor, grew up playing in the cabin and has taken it upon himself to spearhead the preservation project. With approval from Yolo County, Matt is donating his time and expertise to repair the roof and secure the building's future for generations to come.

To cover the cost of materials and permits, the Yolo County Historical Society is sponsoring the Camp Haswell Fundraiser. Community members are invited to donate to this worthy WPA project by sending a check made out to the Yolo County Historical Society, with "Camp Haswell on the memo line, to PO Box 1447, Woodland, CA 95776. Donations may be tax-deductible, so donors are encouraged to check with their tax preparers. Here's the link for an online donation.

https://yolocountyhistoricalsociety.givingfuel.com/camp-haswell-fundraiser

Matt Gwerder, the contractor spearheading the project, said, “For me, keeping our history a part of the present is imperative to keep a strong culture and a gratitude for the past. If you erase history, you erase the future”. Huber Roofing, another supporter of historic preservation, added “When you preserve a historic property, you’re not just saving wood and bricks - you’re saving information about the lives of your ancestors. Historic buildings allow residents and tourists to experience an area’s cultural history.”

When it Rains it Pours, Until it Doesn’t

Barbara Gemmill-Herren
Capay Valley Regeneration Project

It may be very hard - in the midst of atmospheric rivers, snow and recent occasional road flooding - to consider the need to look carefully at our groundwater levels. But maybe this is a good time to do so. The graph below is something to consider…..

According to the newly developed Yolo Sustainable Groundwater Management Plan, a critical part of a sustainability plan is what will indicate that something is NOT sustainable, - thus an undesirable result -and thus trigger actions to make important changes.

The definition of an undesirable result is: The point at which significant and unreasonable impacts over the planning and implementation horizon, as determined by depth or elevation of ground water …will result when the minimum threshold criteria is exceeded in 51 percent of more of representative monitoring wells in two Management Areas…..A well violates the minimum threshold when the groundwater elevations exceeds the historic (pre-2016) minimum elevation in the period of record in two consecutive fall measurements.

So how did the Capay Valley Management Area do, in the Fall 2022 assessment? Here are the percentage of wells that fell below the minimum threshold at that time, by management area:

As of Fall 2022, only one representative well out of ten in our area exceeded the minimum threshold; however, as of Spring 2023, that well has recovered and is no longer of concern, according to the Yolo County Flood Control and Water Conservation District. The full report for 2022, with many graphs and maps is available at https://www.yologroundwater.org/files/5ebfd42ee/Annual+Report+2023+FINAL.pdf.

We must be doing many things right, to not be in the zone of concern. But perhaps the larger question is, how can we sustain this? Harman Taber’s weather rain report in this issue is a great window into understanding where an exceptional year such as this one fits into overall trends. His family’s records go back an impressive 134 years! And within that time, he tells us that a wet year like this is a one in seven occurrence- so not very common! And also, that we had the second driest season ever, only recently in 2020-2021.

So, the big picture perspective might be that we plan well for the future, for an occasional wet year and many drier years, and manage our groundwater accordingly, thinking how we can ensure its continual recharge.
Seasonal Recipes
Using ingredients sourced from farms in the Capay Valley

Pesto Egg Salad
12 Hard Boiled Eggs *
Pesto
2 cups basil leaves *
1 cup grated Parmigiano Reggiano cheese
1/4 cup extra virgin olive oil *
1/4 cup mayonnaise
1/4 teaspoon salt
1 clove of garlic crushed
Juice of 1/2 lemon
Cherry tomatoes and or heirloom tomatoes
Chop the hard boiled eggs and add them to a medium size bowl. Chill
In a food processor add the basil leaves, Parmigiano Reggiano cheese, olive oil, mayonnaise, salt, garlic and lemon juice. Process until well blended. Add the pesto to the bowl of chopped hard boiled eggs and mix gently. Chill. It is best to make and serve this dish the same day. The pesto will turn darker if left to sit too long. Serve with cherry or heirloom tomatoes and bread. This chilled salad is delicious on a warm summer night.

Notes
* The best tasting eggs are from local farms with free range chickens
* Basil is available throughout the summer from local farms
* The Capay Valley has many farms that produce excellent olive oil.

Recipe from Pamela Bateman
Capay Valley and Esparto Fire Protection Districts

UNDERSTANDING THE PROPOSED FIRE PROTECTION AND EMERGENCY RESPONSE SERVICES ASSESSMENT

Who We Are
The Capay Valley and Esparto Fire Districts were established nearly a century ago and today they jointly serve more than 5500 residents across 250 square miles of unincorporated Yolo County, including the communities of Esparto, Capay, Brooks, Guinda and Rumsey. Our fire districts primarily consist of a small group of local community volunteers and a few paid staff members.

Why a Funding Measure is Needed
Our districts are feeling the effects of a nationwide decrease in volunteerism. Fewer volunteers, population growth and an increase in emergency call volume in our remote communities has caused higher demand on our local Fire Districts. Additionally, the cost of purchasing and maintaining equipment and facilities continues to increase. A stable source of funding will allow our volunteer districts to provide the essential level of service that we need.

Funding sources for Capay Valley and Esparto Fire Districts are static and are based on a model that does not allow for inflation or the increasing needs of the communities which these Districts serve. The current revenues are not adequate to ensure a level of service that our communities desire and need, which includes staffing and necessary equipment, at a level that is considered safe for our communities.

Why This Matters to You
When there is a fire in our communities, a medical emergency, a vehicle or ATV accident, flooding or a variety of other 9-1-1 emergency situations, our communities rely on these fire departments and dedicated volunteers. It is something most of us do not think about until we are in need of assistance, and then, every minute seems like an eternity waiting for help to arrive.

Without adequate funding, these Districts will not be able to meet the increasing needs of our communities. The needs of our communities have grown beyond a point which can be supported under the currently funded model.

As a resident served by the Capay Valley and Esparto Fire Districts, you will be asked to vote on a proposed funding measure to ensure continued and improved fire protection and emergency response services in your area. The passage of these measures will provide a secure revenue source for the long-term financial stability of each fire district. All monies generated from this measure are kept local and go directly to the respective fire district.

What This Measure Would Provide
- Staffing of Trained Firefighters to Ensure Rapid Adequate Response Times To 9-1-1 Emergencies
- Improved Training and Emergency Preparedness
- Improved Ability to Protect Your Property from the Increasing Threat of Wildfires
- Ability to Maintain Compliance with National Standards for Fire Protection

Proposed Assessment

The Districts and Yolo County Staff worked over the past four years to establish funding sustainability for all rural fire districts. The Yolo County Board of Supervisors has recently agreed to provide ongoing funding if the proposed assessment is approved. The proposed rates below have been reduced based on receiving this additional funding.

*Rates for your parcel(s) may be different based on factors like relative fire risk and travel time.

As part of the fire sustainability funding project, many rural fire protection districts will be proposing Fire Protection and Emergency Response Services Assessments for their communities.

To Learn More
The Districts will be holding the following public meetings regarding the proposed Fire Protection and Emergency Response Services Assessment:

**Esparto Fire Protection District will be hosting the following meetings:**

- Public Fire Commissioners’ Board Meetings
  - June 8, 2023, 6:00pm and July 13, 2023, 6:00pm
  - Esparto Fire Station, 16960 Yolo Ave., Esparto, CA 95627
- Town Hall Meetings
  - May 23, 2023, 6:00pm and June 14, 2023, 6:00pm
  - Esparto Community Hall (Scout Cabin), 17020 Yolo Ave., Esparto, CA 95627

**Capay Valley Fire Protection District will be hosting the following meetings:**

- Public Fire Commissioners’ Board Meetings
  - June 12, 2023, 6:30pm and July 10, 2023, 6:30pm and August 14, 2023, 6:30pm
  - Guinda Fire Station, 7447 CA-16, Guinda, CA 95637
- Town Hall Meetings
  - June 27, 2023, 6:30pm, others TBD
  - Grange Hall, 16787 Forest Ave., Guinda, CA 95637

In the path of light and shadow.

By Clarence G. Underwood

Partners as we go round and round.
The earth and moon locked and bound.
When the time is right in the daylight,
Looking from the moon onto the earth a
Spot is found! For those of you in the
Know, you can smile and say, "Solar
Eclipse", as the words drop from your
Lips slow. Down on earth the shadow
Moves fast. Maximum seven minutes
Totality might last. With my filtered glass
I watch the show, but from the moon it
Moves very slow!

Solar Eclipse
