

The ecommerce platform that will help your store succeed

More than 80,000 stores have trusted EKM to provide their online store – and there are some very good reasons for that.

EKM's mission is to become the world's best ecommerce platform – and with 80,000 stores trusting us to provide their online store we're well on the way to achieving that mission.

The easy-to-use platform provides users with a simple solution to build and manage their own ecommerce website.

All customers gain access to a wide range of ecommerce features and our full range of themes for free as standard.

And with EKM's unique Evolution Mode service, your website will always be up to date and ahead of the competition.

From design and user experience to features and performance, your shop will be continuously optimised and improved at no extra cost, without you needing to lift a finger.

EKM offers retailers:

- + A beautiful online shop in minutes – 70+ customisable themes, responsive design and additional web pages
- + Unlimited products
- + Automated stock management
- + Order processing
- + Customer information
- + Email marketing
- + Customer reviews
- + Google shopping
- + Accept payments easily
- + Secure website hosting

Dedicated help to ensure your success

You are never on your own with EKM, our team is there to help you be successful online. Your very own account manager will work with you, coach you and even manage the shop for you, leaving you to process orders and spend more time doing something you love.

ClearCourse integrations

As part of the ClearCourse family, EKM works well with a number of our other software platforms, including:

ClearAccept

Fetchify

Third-party integrations

EKM also integrates with many other third-party software platforms, including:

- | | | |
