About

BIO Business Solutions® is the **largest cost-savings program for the life science industry**, offering BIO and state life science association members exclusive, industry-specific offers on a variety of general business solutions, such as insurance, finance and PEO, as well as access to lab products, waste management services and more—all in one place and tailored to save your company time and money.

How does it work?

BIO Business Solutions® pools the purchasing power of thousands of life science companies to negotiate **competitive pricing and favorable terms** on supplies and services critical to their success.

There is **no charge** for BIO and state life science association members to participate, and companies can utilize one, some or all of the special pricing arrangements.

Why is BIO Business Solutions right for me?

**Instant access
to a rich portfolio
of services.**

From lab equipment and office supplies to HR and shipping services, we've got you covered on the **services life science companies need and are used by industry peers** on a regular basis.

**The due diligence
is done by industry
experts.**

We renegotiate with company partners to ensure that we offer the **most competitive rates and terms**. Not only are your contract terms guaranteed year-to-year, but rest assured that they are reviewed and enhanced regularly.

**Tailor the offerings
to your business
model.**

Whether you are operating a lab or virtual biotech company, our suite of services can be packaged to **fit your business needs**. Use them all or just a few. As your business grows, simply add to your list of discounted services.

How do I sign up?

Participation is free for BIO and state affiliate members and signing up is painless. Just give us a call or send us an email and let us know what you'd like to save money on. We'll do the rest!

Trusted and Preferred by Biotech Leaders

"Our company has been using the BIO-Avantor National Program since 2006. Our analysis showed over a 46% savings on lab supplies last year with additional savings on freight, fuel surcharges, hazardous material handling fees, as well as earned cash-back rebates that are also part of the program. We couldn't be happier."

– **LYNN CILINSKI**

Vice President & Controller, MacroGenics, Inc.

"The BIO Business Solutions program offers excellent options that help me attain the goal of sparing cash, which drives us successfully to our other goals... It will save you time and money!"

– **KEITH MURPHY**

Founder & CEO, Viscient Biosciences

"BIO's Cost Savings Program provided our company outstanding benefits as we expanded into a new laboratory space. We obtained significant savings on lab equipment, supplies, and services during this time and we continue to get the support we need."

– **DAVID PEREIRA**

Lead Applications Scientist, Phase Scientific

Research & Development Tax Credits: You're innovating but are you leaving money on the table?

Is Your Company Performing R&D Activities?

Whether you're developing, modifying, designing, supporting or supervising research activities, here are just a few R&D activities that generally qualify for the federal tax credit.

Typical Qualifying Activities

The information provided in this document is for informational purposes only and not for the purpose of providing legal, accounting or tax advice.

ADP, the ADP logo and Always Designing for People are registered trademarks of ADP, Inc. All other marks are the property of their respective owners. Copyright (C) 2023 ADP, Inc. All rights reserved.

Benefits:

- **20% off** ADP R&D tax credit standard published rates as part of your membership
- **A free initial assessment** to estimate the potential federal & state R&D tax credits for which your company may be eligible
- **Refund/credit clause** included in every R&D tax credit engagement
- **R&D study reviewing potential qualified expenses** delivered by a team of experienced tax professionals; and
- **Access to ADP's team of R&D experts** who are trained to help you maximize your credits.

ADP will review your organizations activities to determine if they meet the IRS requirements to be eligible for the credit.

ADP will:

- Review your payroll and qualified expenditures in the U.S.,
- Evaluate additional eligibility options if your business performs activities on a "contract basis" for another party, and
- Confirm that your business is able to claim R&D Tax Credits. We will determine if your organization is:
 - A. Profitable (has tax liability),
 - B. Willing to carry forward the credit (expecting to be profitable), or
 - C. A new business (has less than 5 years of gross receipts and under \$5M in revenue)
