- Be part of a unified strategy advancing life sciences statewide

Expand Your Network

- Build relationships across industry, academia, government, and patient groups
- Participate in councils, committees, and peer networks
- Engage with leaders shaping Georgia's life sciences future

Why Join Georgia Life Sciences?

A unified voice for policy and advocacy.

Our team advocates for policies and government support to grow and protect Georgia's bioeconomy including but not limited to issues related to federal funding, public health, access to new therapies, IP protections, and R&D in agricultural & food and industrial & environmental biotechnology.

Building tomorrow's workforce.

We bring industry and educational institutions together to improve STEM education throughout the state with our teacher training and professional development programs. Our Biotech Teacher Training Initiative and Equipment Depot provides grades 6–12 teachers with the training, supplies and equipment they need to prepare students for careers in the life sciences.

Bridging the talent gap.

We help our members recruit, retain, and develop the talent to meet the organization's needs through our Career Fair, online Job Board, and expansive HR network.

Making your dollars go further.

Your membership instantly qualifies you for our group purchasing program, a curated network of suppliers offering a significant savings on a variety products and services. In many instances, your discounts cover the cost of membership.

Entrepreneurial Ecosystem.

Serve as catalyst for life sciences innovation by helping entrepreneurs gain access to the resources needed build successful ventures.

Georgia as an emerging hub.

We work closely with local municipalities, companies, and higher education institutions in the expansion of real estate and facilities that help innovators and enterprises develop and scale their ideas and compete globally.

Events that matter.

As the leading convenor for the life sciences in Georgia, we host a portfolio of events including happy hours, executive dinners, educational forums, and our annual Georgia Life Sciences Summit. We also support and partner with local and industry conferences, including the BIO International Convention and the Medtech Conference, among others.

Voice of member.

We encourage our members to share their recent news, initiatives, milestones and thought leadership to foster an ecosystem of innovation and collaboration which will be amplified on our social media channels.

Membership in Georgia Life Sciences connects you with all facets of our sector and helps cement your place in a community that shares the vision of improved health and a better world. We are the unified voice among key stakeholders and leading convenor for partnerships and strategic collaborations.
