# Scatter Tubes

Scatter tubes have been designed to allow families that wish to scatter, display or inter a loved one's ashes.

Many families will often choose a scatter tube when the final resting place is at a private location, either in the UK or overseas.

The sealed container is airline approved and allows you to travel with peace of mind.

We find that a family country walk to simply find a peaceful place is what many families choose to do.

Medium (120cu") - £32.00
