

Haiti - House #203 Erline Agee family

Erline Agee and her husband Wolkin Vincent and their three children have been living in this shanty that has been rapidly crumbling around them. Wolkin has had some training as a cement mason. He works from time to time for HMI and goes to work sometimes in PAP and elsewhere in Haiti with one of his brothers. His wife generally takes care of the household. They are both Catholics and do their best to raise their children to be faith-filled. Although both are very hard working, the couple could never find a way to build a decent house without the help of HMI. They send their heartfelt prayer and deep appreciation to all those who have helped in any way to make this dream a reality.
