

## **Haiti - House #217 The Dino Noel Family**

**Mr Dinor Noel and his wife, Rachelle Victor, have five children, three of whom still live with them in the pitiful shanty you see in the “before” picture. Dinor does farming for a living while Rachelle helps him and sells the products of their garden and a few other things at the market in Jeremie. They regularly come to Sunday Mass, but especially Rachelle, who has praying that God could get them out of the misery they found themselves living in. They live in the extension of Bec's s/d up the mountain towards Debarasse, never expecting that the HMI construction team could get to where they lived. By the grace of God and the determination of the construction team, their new home became a reality in March 2021. They send their prayerful thanksgiving to all who helped to turn this dream into reality.**
