

Haiti - House #232 Alexandra Louis

Alexandra Louis is a 32 year old mother of 2 who lives with her husband, Joel Degand, who is a fisherman. Alexandra has a little roadside stand where she sells little items to help take care of the family. She is the daughter of Mrs Christian (Marthe) who does the laundry at the HMI compound. Alexandra is catholic and brings her kids regularly to Sunday Mass. The family has been living in the old tin shanty that you see in the “before” picture. She and Joel have finally been able to purchase a little piece of property to allow them to get a house from HMI. They send their prayerful thanksgiving and deep appreciation to all who have helped in any way to make this incredible miracle take place in their lives.
