

## **Haiti House - #236 Gustave/Similien Family**

**Vania Similien and Frantzy Gustave have been living in this tarpaulin for quite some time now. They live in The community of Paroty with their little daughter.**

**Frantzy works as a part-time security guard. When not on duty, he comes to church on Sunday with his family. Vania stays at "home" with the child. Vania works as a domestic at little jobs when she can get them. They were overjoyed when they heard that HMI was going to build them a house in September 2021. They send their thanksgiving and prayerful appreciation to all that helped get them out of this desperate situation.**
