

Haiti - House #244 The Justin Family

Mr Marius Justin & Mrs Roselene Sanon have been living in the crumbling, tarp-covered shanty that you see in the “before” picture. (near Carrefour Caton which is a community right after the airport going toward Ravine Sable). They have 6 children. Roselene does a little commerce at a roadside stand near her home to help take care of the family. Mr Justin, helps as he can since his health is not so strong as it used to be. They are Catholics but find it difficult to attend Mass every Sunday. They have been hoping and praying for a house from HMI for many years. This Christmas of 2021 has been an answer to their prayers. They send their deep appreciation and thanksgiving to all who helped make this possible.
