

Haiti - House #248 Mrs. Lonese Fanfan

Mrs. Lonese Fanfan is a 75 year old faithful catholic widow that lives in the community of Tiga which is in upper Bec's s/d. She had only one daughter who passed away leaving behind 9 children of whom 6 live with their grandma in the pitiful, crumbling, tarp-covered shanty you see in the “before” picture. She tries her utmost to care for them by selling almost all she can get from her little garden. She is a very sweet and shy person. She has been hoping and praying for a new home for many years. It is great and very consoling that she will finally get it as a Christmas gift this December 2021 from HMI. Be assured of her prayers and constant thanksgiving to all who helped bring about this miracle in her family’s life.
