

## **Haiti - House #251 Noel Family**

**Madrige Noel is a very devout catholic woman and a mother of 2. Her husband Oxilhomme Jean, is a cement mason and was not there at the moment we took the picture of the family in order for our donors to see the circumstances that this family finds itself in. They live in a small community called Cavin which is in upper Bec's s/d. Despite the distance, Madrige comes regularly to Sunday Mass and helps when she can to clean the church and its yard. HMI is so happy to help this family move into a new, decent home in December 2021. It is also fitting that the family name is Noel. Oh what a Christmas this will be for them! They send their prayerful appreciation to all who helped in any way to answer their prayers.**
