

Haiti - House #264 Darleine Dominique

Darleine Dominique is pictured with her son and goddaughter. She and her husband Kesner Pierre, her son and goddaughter have basically been homeless since the severe earthquake hit Jeremie on August 14th, 2021 when where they were living was destroyed. They have been taken in by her generous and hospitable mother yet the situation has been very difficult. She is Mozart's sister. (Mozart is one of HMI's hardest and faithful workers, doing whatever Fr. Joe needs done.) They live at Kafou Katon. They also regularly attend Sunday Mass. There were so many people living in the Mom's house, the husband would often go to sleep in Jeremie. Thanks be to God they were able to acquire a small piece of property and HMI was able to reunite this homeless family in a beautiful new home. They send their prayerful thanksgiving and appreciation for this incredible gift.
