

## **Haiti - House #267 Valentin Family**

**Francky Valentin is not in this picture but you see his family standing in front of the tarpaulin covered hut in the “before” picture that they called home until the miracle of a new house occurred in May 2022. He is a 50 year old strong man who does both farming and various iron works on construction buildings like the new church at Numero Deux. His wife, Dieuvenise Lazaire, is a gentle woman who helps with the farming and also does a little business on the side of the road. They live with their 7 children at Pawoty. Despite the distance and the steep mountain path that they have to walk on, they regularly attend Sunday Mass. They send their deepest appreciation and sincere Thanksgiving with assurances of prayer for all the donors that made this possible.**
