

Haiti House # 277 – Patrick Zizi Family

Patrick Zizi and his wife, Guile Étienne, live with their 6 children in Upper Bec's s/d in a village called Tiga. They are pictured in front of their pitiful house with the Haydel sisters who visited the family on their mission trip and witnessed the very difficult conditions that the family is living. Though they are Catholic they live a great distance from the church and don't get to Sunday Mass as regularly as they would like, they send their heartfelt prayers to the donors who have made their new home possible.
