

Haiti House #279 – Zizi House

Erchull Zizi and his wife, Merlande Caidior, have 2 children and they farm to provide for the family's needs. At times there is enough for Merlande to go to the public market in Jeremie to sell the extra. They live in this pitiful shack in Tiga (Upper Bec's s/d), the community on the top of the mountain but they walk to church as often as they can. Given their circumstances, you can see why they are so grateful to the generous donors of HMI who will help to move them into a beautiful new home.
