

Haiti House #281 – Lexanne House

Marie Guerline Lexanne is a single mother who lives with her 3 children, 1 grandchild and her nephew. She works hard as a custodian at the National Grammar School in Jeremie but she also works selling food she prepares and some second hand clothes. The family was doing okay until her husband abandoned the family and all work on the home stopped because of lack of funds. They are very grateful that HMI will help to restore their living conditions this month.
