

Haiti House #282 - Marie Astride André

Mrs André is a 72 year old widow and mother of 8 children. She now lives with her son and 3 grandchildren. She farms and tries very hard to sell part of what she produces from her garden to survive. Her hard work cannot keep them dry in this pitiful little shack and so she is thrilled that she has been selected to receive a new home. She praises God and thanks the generous donors who have made this possible.
