

## **Haiti House #285 Michel Family**

**Danis Michel, one of HMI's masons, and his wife, Sheila Dauphin, and their child lived in the pitiful shack you see here. Sheila tries to earn a little money as well by selling various items in her road side stand. They have prayed for a long time to be able to receive a new home from Haiti Mission. They thank God for this gift that He has granted them through the corporal works of Haiti Mission in the community.**
