

## **Haiti House #288-Luders Dorismond**

**Luders Dorismond is an electrician and our sugar cane mill operator. He lives in Tiga (upper Bec's s/d) with his wife, Roseda Germain, and their 3 children. Luders is a very kind and hardworking man. He had always asked to work for us at the sugar cane mill in order get a little help to take care of his family, so when the previous operator became ill, Eng Paul was able to hire him as the new operator. He has prayed for a new home for a very long time and it is with great joy that he will receive a good and decent place to live with his family.**
