

Haiti House #290-Marie Lona Sanon Family

Marie Lona Sanon is a widow who moved to Numero Deux a few years ago with her family. She has one child and has adopted another. She also cares for her brother and a nephew from the meager living that she makes trading items. They have all been living together in the poor excuse for a house that you see in the photo. It is with great pleasure that she praises God first and her Haiti Mission Inc benefactors second. She can never express her gratitude for moving her family into a decent home!
