

Haiti House #292-Marie Flaure Michel Family

Marie Flaure Michel lives with her two children in Numero Deux on land given to her by her father. She has a garden and manages to sell some of the produce to support herself and her family. It has been a very difficult road for her as you can see from the photo, her living conditions have been dismal. She is filled with gratitude to have been chosen to receive a beautiful new home in which to raise her children.
