

Haiti House #297 - Marcky Luc

Marcky Luc and his wife, Sabanise Bazard, live in Numero Deux. He is a mason on the HMI construction team and Sabanise is a vendor of small goods. They have four children and work very hard to care for them. In Numero Deux, they are known to be very kind and to be good parents. They are very happy to be chosen for a new and decent home in which to raise their family. They thank God for his mercy and tender care.
