

## **Haiti House #306 - Julia Saintdyc**

**Dulia Saintdyc is a widow with 9 children and she currently lives with one of her sons and 6 of her grandchildren. She sells little candies at a roadside stand and is also supported by some of her children. They have been in this house which has been badly deteriorating for many years now with no way to improve their situation. She praises God and thanks Him for sending HMI and its donors to help them into a new home.**
