

Haiti House #311 - Roudy Raymond

Roudy Raymond, and his wife, Djenny Flore Despeines, are both iron workers. They have a 4 year old daughter and do their best to take care of her but, as you can see from the picture, their situation was very difficult and not a healthy, safe place for their child to grow up. They are extremely grateful to God and to the donors who have made their dream of strong, safe home possible.
