

## **Haiti House #327 Jean Edy Louis**

**Jean Edy Louis and his wife, Olivia Deny, live in Paroty with their four children. Jean is an electrician and Olivia is a house keeper and a farmer. Though they work very hard to provide for their large family, it was just a dream to live in a good, solid home instead of the awful shack you see in the before photo. They send their thanks to God and to the HMI donors.**
