

## Haiti House #329 Carline Neptune

**Carline Neptune and her husband, Emmanuel Jeune, live in Numero Deux with their 2 children. Emmanuel is a carpenter, and together, they try to provide the best they can to raise and educate their young children. They are delighted to be able to move out of their tin shack as it will help them tremendously in their mission to raise their family in safety and security. They thank both God and the donors who have made this possible.**
