

Haiti House #332 Brunel Jean Louis

Brunel Jean Louis and his wife, Onise Luc, and their three children live in Ravine Sable in the terrible conditions that you see in the before photo. Brunel has worked with the HMI Construction crew as a mason since the beginning in 2013. After having helped to build so many homes, you can imagine the joy the family experienced when they were selected to receive a new home. They thank God and the HMI donors who have made this dream a reality!
