

## Haiti House #334 Marie Carmène

**Marie Carmene is a widow who lives in Nan Sannite with two of her five children. She is a faithful woman who does a little commerce in a roadside stand to try to provide for her family but as you can see she lived in very difficult circumstances. She knows that without the help of God and the donors of HMI that her situation would not have changed. She is extremely grateful for their generosity!**
