

Haiti House #343 Jean Luma Étienne

Jean Luma Étienne is a tailor. He lives with his wife, Linose Félix, and their four children. It is easy to see that their situation was very precarious financially even though Linose tried to help as much as she could with the little commerce she did in a roadside stand. You can see the joy on their faces in the photo of them in their new home. They praise God and thank the donors who made this gift possible!
