

## **Haiti House #345 Yliane Despeines**

**Yliane Despeines is a single mother who lives in Numero Deux with her daughter and a little cousin. She teaches in one of the public schools in Jeremie. She is known for her kindness by the community and she has been asking for years for assistance in obtaining a new house. She is overjoyed to move out of her hole-filled metal shack and into her beautiful new home. She is thankful to both God and the donors who have filled her request.**
