Haiti House #350 Jean Guerny Balthazar

Jean Guerny Balthazar is a mason who lives in Numero Deux with his wife, Rose-Laure François, and their two children. Though they both work hard, they have been unable, so far, to provide a decent home for themselves and their children. They have been asking for a home for quite a few years and so HMI is delighted to be a part of providing a home for them. When you look at the condition of their previous home, you can understand their joy at receiving a home!
