

Haiti House #357 Elira Charles

Elira Charles is an 81 year old widow and a mother of 4. She lives with one of her sons and his wife and their 5 children. You can see from the photo that there living conditions were very difficult and to add to that difficulty, Elira has great problems just with walking. You can imagine her joy at being chosen to receive a new home. She sends her thanks up to God and to the donors who have made her life far less difficult!
