

Haiti House #363 Helene Louis

Helene Louis is a widow in her 90's. She has three of her children, five of her grandchildren, and nine of her great grandchildren living with her in the awful condition you see in the photo. They manage to live mostly by farming but their number makes that a very difficult task. It is with great joy that HMI can help relieve at least some of her incredible burden. They are deeply grateful to God and to the donors who have made this possible.
