

## **Haiti House #365 Vignet Noel**

**Vignet Noel and his wife, Joane Jean, live with their two children. Vignet is a farmer and he has some skills as a mechanic which he acquired when he was living in Port au Prince. Though Joane helps as she can, mostly with domestic work, their situation cried out for help, help that they have been praying for very hard. It is with great joy that they thank God and the donors and benefactors of HMI!**
