

Haiti House #366 Fritner Fouyol

Fritner Fouyol and his wife, Francesca Valès, and their nine children live in Paroty. They rely mostly on farming to support their very large family. Their need for a suitable place to live is painfully obvious. It is small wonder that they give thanks to God for HMI and for the donor's willingness to be a channel of His love! They are overjoyed to have a safe, secure home in which to raise their large family.
