

## **Haiti House #367 Marie Guerdie Germain**

**Marie Guerdie Germain is a strong single mother with one child. However, she lives with her mother and her siblings. There are also other relatives that live with them. All together there are fifteen people in her household. She helps to support this very large group by having a roadside stand that sells fried food. She has prayed for many years to have her property issues settled and for God to bless them with a home that is more spacious and decent where they might live. It is not hard to imagine the joy of this family!**
