

Haiti House #373 Jean Bazelais Noël

Jean Bazelais Noël and his wife, Marie Dieula Dimanche, live in Numero Deux with their daughter and a niece who is living with them to escape the violence of Port au Prince. Jean is an electrician who has worked extensively for Fr Joe and Marie is a student in nursing school. They have worked very hard to be able to provide a decent place to live for their family but times have been very difficult for them. It is with great joy that they praise God for His mercy and thank the donors who have made their new home possible.
