

Haiti House #383 Mackenson Pierre

Mackenson Pierre and his wife, Jésula Richard, live in Numero Deux with their six year old daughter. They sell all they can to try to care for their child but their life is difficult as you can see. They live their faith and they have prayed for a long time to receive a home that will make their life just a little easier. Their joy, therefore, is understandable and they thank God and the donors for answering those prayers.
