

## **Haiti House #403 Marie Christa René**

**Marie Christa René is a single mother with two children to raise on her own. She is a school teacher and does her best to educate and care for them but as you can see, her living conditions were very difficult. A decent home for them to live in was only a dream for her. She sends her praise to God and her thanks to the donors who have made her dream a reality!**
