

## **Haiti House #405 Evins Zizi**

**Evins Zizi and his wife, Johane Bernard, live with their two children in the village of Tiga. Evins works as a security guard at Saint Antoine's Hospital in Jeremie. Johane sells various food products as she is able in her small stand. They work very hard for their family but as you can see in the photo just staying dry when it rains is challenging. Never did they dare to dream that they would have enough for a decent place to raise their children. They are praying for the wonderful donors who have given them such a beautiful home and they thank God for this huge blessing.**
