

Haiti House #406 Alberto Raymond

Alberto Raymond and his wife, Enise Myrtil, live with their daughter in Numero Deux. Despite the fact that Alberto is a mason, it is still terribly difficult in Haiti to get ahead. The pitiful shack that you can see attests to that fact. They received the news that they were selected to receive a new home with great joy. They praise God for His mercy and send thanks and prayers to the donors who have made their new home possible.
