

## **Haiti House #418 Rochenel Dominique**

**Rochenel Dominique is an iron worker who lives with his wife, Stephanie Neptune, in Nan Sannite. Their daughter is five years old and you can see that their living conditions are very difficult and cannot even keep them dry when it rains. They were never going to be able to have a decent home unless God took pity on them. They are extremely grateful to Him for their new home and send their thanks to the donors who have made it possible to raise their family in a decent place.**
