

Haiti House #420 Wousbert Luc Appolon

Wousbert Luc Appolon works as a nurse sponsored by HMI at the parish health clinic in Numero Deux. He is delighted to announce his marriage to fiancé, Dieuna Hérard. However, since he is currently living in his mother's HMI home with nine other people, his wedding has had to wait. You can only imagine the excitement of the couple when they found out that they would be receiving a new home in which to start their marriage. They are deeply grateful to God and to all who are making this miracle possible.
